Estrela Marketing Solutions' Employment Seekers List is composed of individuals who have filled out an extensive questionnaire, providing us with information on their demographic, psychographic and geographic characteristics. This segmented database gives advertisers the capability of targeting more than 2 million employment seekers residing in the US, who have expressed interest in receiving email offerings of different products and services specifically tailored to their specific interest.

These are ideal prospects for: job fairs, employment opportunities, work from home opportunities, B2B contacts, credit cards, educational software, education programs and products, self-improvement, electronics, wireless products, PCs, merchandise in general, and any product or service related with employment opportunities. This is the opportunity to target consumers based on their profession.

Delivery includes:

- Text message (English, Spanish and/or Portuguese)
- HTML message (English, Spanish and/or Portuguese)
- Tracking of Click-Throughs, and Open Rates

Creative Services:

- HTML Email Design
- Translation of creative and/or landing page
- Internationalization and consulting services
- Rates vary with service. Please consult with your account manager

*** Deployment charges and conditions:**

Online tracking of unique opens and clicks at no additional cost
